

MANUFACTURING, SOURCING, SUPPLY CHAIN AND CUSTOMS COMMITTEE

The AmCham China MSSC (Manufacturing, Sourcing, Supply Chain and Customs) Committee looks after the Chamber’s largest membership segment from the Manufacturing sector and associated industries. The MSSC Committee’s 2024 strategic plan is grouped around three types of activities: *Advocacy, Business, and Community (ABCs)*.

Committee Priorities:

Advocacy-Medium

Business-High (information sharing)

Community-High (networking)

Mission

- To share and discuss cross-sector business and policy issues to get smarter about the industry;
- To improve the policy environment in ways that benefit both the industry and members;
- To strengthen closer communication and cooperation for the broader manufacturing space between the US and China.

Main Activities

Machinery/Manufacturing Chapter (drafted by Committee members) in annual AmCham China *White Paper*.

White Paper Delivery Meeting with the central government agencies – NDRC 发改委, MOFCOM 商务部, MIIT 工业和信息化部, MEE 生态环境部, GACC 海关总署.

Call-for-Comments helps members deliver their messages, suggestions and feedback to the central government for new policies and regulations.

Debriefing Events (Closed-door) - invite industry experts and officials to debrief new policies and hot issues for members.

Manufacturing & Supply Chain Navigator Program

Member Delegation Visits to provincial governments for direct exchange of ideas on specific issues

Regular meetings and events focused on issues important to Committee member companies

Leadership

Co-Chair:
Craig Abler,
 Boeing

Co-Chair:
Jonathan Kendrick,
 Pacific Resources
 International (PRI)

Co-Chair:
David Song,
 Cummins

2024 Committee Strategic Focus

Sustainability and Green Manufacturing	Industry 4.0	Launch and implement of advanced tech like drones, robots, and AI
Risk Management in Supply Chain	Best practices and winning strategies to operate in China	Resilience and supply risk management
Cybersecurity and data governance in supply chain	Development of renewable energy	Cost containment strategies
Technology investment accelerating in digital transformation	Visibility, data, and digitization in manufacturing industry	

Advocacy (A)	Business (B)	Community (C)
Medium Priority	High Priority	Medium Priority
<ul style="list-style-type: none"> Monitor regulatory development. Draft and consolidate Manufacturing Chapter of AmCham China <i>White Paper</i> each year. 	<ul style="list-style-type: none"> Knowledge exchange on MSSC-related topics to inform AmCham China members about cutting-edge developments in the field. Engage with both Chinese and US MSSC initiatives for collaboration between MSSC and business. Regular insight sharing webinars and Q&A sessions for members. Field trips to visit pioneer factories and manufacturing plants in China for knowledge exchange and professional experience. 	<ul style="list-style-type: none"> Connect and network with peers at our events. Regular mixer and Happy Hour for members to build business connections. Build up sustainable community with young professionals with AmCham Manufacturing & Supply Chain Leadership Development Program.
